Samuvel L

DevOps & Cloud Engineer

Chennai, India | contact@samuvel.in | samuvel.in | linkedin.com/in/samuvel7550 | github.com/Samstar7550

PROFESSIONAL SUMMARY

DevOps and Systems Engineer with nearly 2 years of experience designing and building production-grade training infrastructure using Kubernetes, Docker, Ansible, Jenkins, GitLab, and Azure DevOps. Ranked 6th out of 279 (top 2%) in the TCS Ignite cohort, leading to placement on the Talent Development team. Azure-certified (AZ-104, AZ-900) with hands-on experience independently architecting and deploying full-stack, multi-tenant SaaS products end-to-end, including cloud infrastructure, CI/CD, caching, and storage. Brings a full-stack development background to DevOps work, offering a complete view of the software delivery lifecycle from code to production.

TECHNICAL SKILLS

Cloud: Microsoft Azure (Virtual Machines, Networking, Storage, IAM, Azure CLI), Azure DevOps
Containers & Orchestration: Docker, Kubernetes, Helm
Infrastructure as Code: Terraform, Bicep
CI/CD & Automation: Jenkins, GitHub Actions, Azure Pipelines, Ansible
Version Control: Git, GitHub, GitLab
Full-Stack Development: Next.js, React, TypeScript, MongoDB, Tailwind CSS
Design: Figma, Adobe Photoshop, UI/UX Design

EXPERIENCE

System Engineer · Tata Consultancy Services — Jan 2026 – Present

- Lead design and delivery of advanced DevOps training programs covering Kubernetes, CI/CD, and Azure for incoming engineers
- Build hands-on challenge environments across Docker, Kubernetes, Ansible, Jenkins, GitLab, and Azure DevOps, simulating real production failure scenarios
- Develop training curricula aligned with real-world production requirements and current industry best practices

Assistant System Engineer · Tata Consultancy Services — Sep 2025 – Dec 2025

- Designed and delivered Azure cloud training covering virtual machines, networking, storage, IAM, and Azure CLI
- Created hands-on lab exercises for provisioning and configuring Azure environments
- Collaborated with senior engineers to align training content with current Azure best practices

Assistant System Engineer Trainee · Tata Consultancy Services — Jan 2025 – Aug 2025

- Built hands-on challenge environments using Docker, Kubernetes, Ansible, Jenkins, and GitLab for engineer skill assessments
- Designed training content on Docker architecture, Kubernetes orchestration, and Azure DevOps pipelines
- Supported new engineers through onboarding labs covering core DevOps tooling and workflows

Graduate Trainee · Tata Consultancy Services — Sep 2024 – Dec 2024

- Ranked 6th out of 279 (top 2%) in the TCS Ignite onboarding cohort; selected for the Talent Development team based on performance

Freelance Graphic & UI/UX Designer · Self-Employed — Sep 2022 – Sep 2024

- Delivered logo, web, and UI/UX design projects for clients over 2 years using Figma and Adobe Photoshop

PROJECTS

DevOps Challenge Environments — Internal TCS project, 2025

- Designed broken Kubernetes and Docker environments for TCS engineer assessments; engineers diagnosed and fixed real infrastructure issues such as pod crashes, misconfigured services, and failed pipelines
- Stack: Kubernetes, Docker, Ansible, Jenkins, GitLab, Azure DevOps

Prezenta: Multi-Tenant Portfolio SaaS prezenta.in

- Architected and built a production multi-tenant SaaS platform serving 9 profession groups with 54 unique template combinations
- Stack: Next.js 15 (App Router), TypeScript, MongoDB Atlas, Upstash Redis (caching, rate limiting), Cloudflare R2 (storage), NextAuth v5
- Implemented OTP authentication, page-level caching, and analytics counters using Redis; deployed on Vercel

Personal Portfolio Platform samuvel.in

- Built a live-editable portfolio site with an admin console enabling content updates without redeployment
- Stack: Next.js 14, TypeScript, Tailwind CSS, Framer Motion, Upstash Redis, Vercel Blob, Resend

VizualizeHub: AI Image Editing SaaS vizualizehub.vercel.app

- Built a full-stack image editing application with AI-powered transformations, user authentication, and credit-based billing
- Stack: Next.js, TypeScript, MongoDB, Cloudinary, Clerk, Vercel

EDUCATION

B.Sc. Computer Science · Sankara College of Arts & Science 2021 – 2024
Aggregate: 89%

CERTIFICATIONS

Microsoft Certified: Azure Administrator Associate (AZ-104) Microsoft, Jun 2026
Microsoft Certified: Azure Fundamentals (AZ-900) Microsoft, Aug 2025
GitHub Copilot Certified GitHub, Mar 2026

ADDITIONAL INFORMATION

Languages: English (Professional), Tamil (Native)
Interests: DevOps automation, cloud architecture, UI/UX design, building independent SaaS products
